DETAILED ACTION

The text of those sections of Title 35 U.S. Code not included in this action can be found in a prior Office action.

Applicant states that a new declaration is being prepared..

Claim Rejections - 35 USC § 112

1. Claim 1 remains rejected under 35 U.S.C. 112, first and second paragraphs, for the reasons stated below.

Applicant's amendment dated 05/19/03 failed to set forth at least the following:

E. Information pertaining to the gland color, pit cavity color, style, stigma, pollen, filament, and fruit skin color still needs to be set forth in the specification.

F. information pertaining to a description of the style, stigma, anther, filament, and scent still needs to be set forth in the specification.

Response to Arguments

Applicant's arguments filed 5/19/03 have been fully considered but they are not persuasive for the following reasons:

Art Unit: 1661

Applicant argues that some of the descriptions would not be distinctive characteristics of the plant since the distinctive characteristic is resistance to plum pox virus in combination with the high fruit quality.

This argument has been fully considered but is not persuasive because 37 CFR 1.163(a) states that the specification must contain as full and complete a disclosure as possible of the plant as well as the distinguishing characteristics. The information required by the Examiner is possible to describe and is required to provide a full and complete botanical description of the plant.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
